**Re: Quarterly Inspection and Maintenance Report: First Quarter 2005
Lemon Lane Landfill, Bloomington, Monroe County, Indiana**

This letter report summarizes the quarterly inspection and maintenance activities completed at the Lemon Lane Landfill site during the first quarter of 2005. This report has been prepared in accordance with procedures and reporting requirements outlined in the June 2001 RCRA Cap Inspection and Maintenance Plan (CIMP) prepared by Viacom Inc. (Viacom). The scope of inspection and maintenance work for the Lemon Lane Landfill site is summarized in table form as Appendix B to the June 2001 CIMP.

The quarterly inspection was performed on March 9, 2005, by PSARA Technologies, Inc. (PSARA). A copy of the Routine Checklist Form for this inspection event is attached. This form documents conditions and maintenance needs at the time this quarterly inspection was completed. A Non-Routine Maintenance Report is used to document non-routine maintenance activities completed during the quarter. No non-routine maintenance tasks were performed during the first quarter of 2005. For this reason, no Non-Routine Maintenance Report is included.

No major maintenance issues were observed during the site inspection on March 9. As stated in previous inspection reports, there are a few areas in the surface water drainage ditches around the cap that contain some vegetation and accumulated sediment. However, none of these conditions are affecting the function or performance of the ditches at this time. In addition, cattail vegetation was observed in the retention pond and will need to be cut back this spring. Finally, small areas of the black felt liner are exposed at a few locations on the west side of the perimeter ditch system. This is believed to be due to freeze/thaw movement of rip-rap down-slope and can be remedied simply by redistributing the rip-rap in these areas.

The next quarterly inspection at the Lemon Lane site is scheduled for the second week of June 2005. If you have questions regarding this report, please contact Richard McCandless at (812) 335-0424.

Sincerely,

A handwritten signature in cursive script that reads "Dorothy Alke".
